The following pre-major is recommended for students who are considering completing a Bachelor's degree in Anthropology after transferring to a four-year institution. It will help deepen their knowledge of Anthropology as well as their overall understanding of individuals, societies and cultures, while completing the general education requirements for Associate degree.

It is designed for students who have not decided upon a specific four-year college or university. Once a transfer school is selected, students are strongly encouraged to consult the Office of Advising, Transitions, and Student Success and the transfer institution's catalog to select courses that will meet both Oakton and transfer institution requirements.

While completing the pre-major, students can also complete the requirements for one or more of Oakton's concentrations, such as Women, Gender and Sexuality Studies (WGSS), Global Studies (GS), Peace and Social Justice Studies (PSJ), and Environmental Studies (ESC). Students meeting the Concentration requirements will have a notation added to their transcript.

Courses that fulfill the concentration requirements are marked with the respective concentration abbreviation. Additionally, some course sections are designated to a specific concentration on a semester-by-semester basis. Students interested in completing a concentration should check the course schedule.

For more information on course selection or program-specific advising, contact the department co-chair. Part time students should also consult the Office of Advising, Transitions, and Student Success for part-time pre-major recommendations. **General Education courses should be selected from the list of IAI General Education Courses.**
