

ASSOCIATE IN ARTS (A.A.)

Oakton offers an associate in arts (A.A.) degree for students intending to transfer into baccalaureate programs at a four-year college or university.

Student are encouraged to follow one of the recommended course sequences called Pre-majors that are designed for students planning to transfer to a four-year college or university to pursue a specific major.

Pre-majors are available for multiple disciplines. If pre-major in your area of interest is not provided, contact the program coordinator or department chair in your area of interest for program-specific advising. Students planning to transfer to a four-year institution should also contact the Office of Advising, Transitions, and Student Success for information on courses to take.

The A.A. is also an appropriate curriculum for students who have not yet chosen a field of specialization, but who wish to take courses at Oakton that will satisfy general education requirements at four-year colleges and universities.

Students should be aware that general education and major requirements vary from one college or university to another. They should plan courses of study carefully with their advisors and frequently consult the catalog of the senior institution to which transfer is intended. **General education courses should be selected from the list of IAI General Education Courses.**
