

# IMPORT/EXPORT SPECIALIST CERTIFICATE

---

12 Semester Credit Hours; Curriculum: 0203

The Import/Export Specialist Certificate program is the core education needed for success in the global imports and exports arena. In this program, students will learn about import and export regulations associated with trade compliance, required documentation related to preparing for global import/export processes, and strategies pertaining to logistics planning and payment terms. Students will gain the skills and experiences they need to start their careers in a variety of positions including but not limited to trade analysts, customs analyst, customs consultants, trade coordinators, and compliance specialist. This certificate can be completed in one semester.
