

MECHANICAL DESIGN/CAD

(Also see Manufacturing Technology)

Department Chair: Joseph Cirone, 847-376-7612 or
jcirone@oakton.edu

Program Coordinator: Boguslaw Zapal, 847-376-7707 or
bzapal@oakton.edu

This Mechanical Design curriculum trains students in mechanical design based on computer-aided techniques. Oakton's curriculum provides courses in basic principles as well as hands-on applications. Students, including those working in industrial settings, are prepared for employment as mechanical designers, mechanical engineering technicians and technical salespeople.
