

# MECHANICAL DESIGN/CAD

---

*(Also see Computer Integrated Manufacturing)*

**Department Chair: Joseph Cirone, 847.376.7612, [jcirone@oakton.edu](mailto:jcirone@oakton.edu)**

This Mechanical Design curriculum trains students in mechanical design based on computer-aided techniques. Oakton's curriculum provides courses in basic principles as well as hands-on applications. Students, including those working in industrial settings, are prepared for employment as mechanical designers, mechanical engineering technicians and technical salespeople.
