

LAE - LAW ENFORCEMENT AND CRIMINAL JUSTICE

LAE 100 1 credit hours (lecture: 1 | lab: 0)

Preparation for Law Enforcement Entrance Examination

Course instructs police officer candidates about all aspects of hiring process. Content includes how to locate job opportunities; properly complete job applications; take written physical, psychological, and medical examinations; and prepare for oral interview by Police and Fire Commissioners.

Instruction Type: In-Person

Term Typically Offered: Fall | Spring

LAE 101 3 credit hours (lecture: 3 | lab: 0)

Introduction to Criminal Justice

Course studies history, development, operation and philosophy of American criminal justice system. Content includes legislative, police, prosecutor, courts and corrections agencies involved in administration of criminal justice; current issues and trends; juvenile justice system and career opportunities.

IAI Major: CRJ 901

Instruction Type: In-Person | Online

Term Typically Offered: Fall | Spring | Summer

LAE 121 3 credit hours (lecture: 3 | lab: 0)

Police Organization and Administration

Course studies organization and management of law enforcement agencies. Content includes functional groupings, delegation of authority and specialization, public relations, personnel and training.

Instruction Type: In-Person | Online

Term Typically Offered: Fall | Spring

LAE 122 3 credit hours (lecture: 3 | lab: 0)

Police Operations

Course examines the administration of police line operations with a focus on the patrol function and prevention of crime. The major emphasis of this course is the police as the initial major component of the criminal justice system. The allocation of police resources, specialized units, information systems, community relations, and determinants of police policy are identified. This course provides the student with a basic understanding of modern policing and identifies the organization, function, operational strategies and culture of the police. This course also explores the ethical, emotional, and physical aspects of a career in law enforcement.

Instruction Type: In-Person | Online

Term Typically Offered: Fall | Spring

LAE 130 3 credit hours (lecture: 3 | lab: 0)

Vice And Drug Control

Course reviews historical and sociological developments in drug addiction and vice control. Content includes studies of narcotic addiction and effects of hypnotic drugs, bookmaking, gambling, and prostitution.

Instruction Type: In-Person | Online

Term Typically Offered: Spring

LAE 135 3 credit hours (lecture: 2 | lab: 2)

Forensics I

Course will familiarize students with the different disciplines of forensic science, the types of examinations conducted in crime scenes and other applications of forensic science in the modern criminal justice system.

Students will be provided an overview of crime scene investigations, death investigations, evidence-gathering techniques, and the analysis of physical evidence in the field and laboratory setting.

Instruction Type: In-Person | Online | Hybrid

Fee: \$15

Term Typically Offered: Fall | Spring

LAE 140 3 credit hours (lecture: 3 | lab: 0)

Introduction to Corrections

Course provides an overview to the field of corrections and examines current correctional practices, policies, and legal issues. The course focuses on the relationship of corrections to the criminal justice system, theories underlying correctional practice, and the role of institutions within the United States correctional system. This course specifically examines the historical development, evolution, and philosophy, principals, and practices of punishment and treatment. It further explores sentencing, correctional institutions, prison life, and challenges facing correctional populations.

IAI Major: CRJ 911

Instruction Type: In-Person | Online

Term Typically Offered: Fall | Spring | Summer

LAE 147 2 credit hours (lecture: 2 | lab: 1)

Basic Recreational Drone Pilot

Introductory course in small Unmanned Aircraft Systems (sUAS).

Beginning with the history of this aerial platform and progressing through the steps necessary to prepare an individual to fly sUAS (drones), this course will prepare a student for basic flight operation as a noncommercial recreational pilot. Course outlines regulations and procedures of legal sUAS operation and prepares for recreational Remote Pilot Certification.

Instruction Type: In-Person | Online | Hybrid

Term Typically Offered: Fall | Spring | Summer

LAE 201 3 credit hours (lecture: 3 | lab: 0)

Criminology

Course examines aspects of crime. Content includes types of crimes and criminals, factors involved in criminal behavior, control, and prevention.

IAI Major: CRJ 912

Instruction Type: In-Person | Online

Term Typically Offered: Fall | Spring | Summer

LAE 221 3 credit hours (lecture: 3 | lab: 0)

Criminal Law

Course covers the history and principles of criminal law. Content includes the development of the court system, constitutional, statutory and common law; civil liability, identification, and classification of criminal offenses; court decisions, and the Illinois Criminal Code and courtroom.

Instruction Type: In-Person | Online

Term Typically Offered: Fall | Spring

LAE 223 3 credit hours (lecture: 3 | lab: 0)

Criminal Procedures

Course is an in-depth study of the legal rules governing police procedures and practices. Topics include reasonable suspicion, probable cause, stop and frisk, station house detention, the use of force during arrest, confessions, constitutional rights of the accused, and sentencing and punishment. Also covered are issues related to the Fourth Amendment right against unreasonable search and seizure.

Instruction Type: In-Person | Online

Term Typically Offered: Fall | Spring

- LAE 234** **3 credit hours (lecture: 3 | lab: 0)**
Ethics and Leadership in Policing
 Course prepares students to successfully resolve critical ethical and leadership issues they will encounter in their law enforcement careers. Content includes developing and maintaining professional integrity, the proper exercise of discretion and authority, morale and motivation, and responsibility for ethical conduct. It also explores analysis and evaluation of ethical dilemmas, roles of professional organizations and agencies, ethics and community relations, ethics in criminal justice laws and procedures and civil liability in law enforcement and correctional environments.
Recommended: LAE 101 or consent of instructor.
Instruction Type: In-Person | Online
Term Typically Offered: Fall | Spring
- LAE 235** **3 credit hours (lecture: 3 | lab: 0)**
Criminal Investigations
 Course presents a study of criminal investigation procedure. Content includes conduct at crime scenes, collection and preservation of evidence and methods used in a police science laboratory.
Instruction Type: In-Person | Online
Term Typically Offered: Fall | Spring
- LAE 239** **3 credit hours (lecture: 2 | lab: 3)**
Forensics II
 Course builds upon Forensics I and provides instruction in protocols and techniques for forensic crime scene analysis, as well as providing hands-on experience. Topics include techniques in the examination of major crime scenes that involve fingerprints, blood spatter, ballistics, and impression/trace evidence. This course also examines procedures in forensic sketching/mapping, photography, report writing, and criminal offense identification.
Prerequisite: LAE 135 with a minimum grade of C or concurrent enrollment in LAE 135, or consent of instructor or department chair.
Instruction Type: In-Person | Online | Hybrid Fee: \$30
Term Typically Offered: Fall | Spring
- LAE 240** **3 credit hours (lecture: 2 | lab: 2)**
Police Strategies and Tactics
 Course examines police strategies and tactics in law enforcement that include dealing with the public and high-risk situations. Content includes principles of use of force, de-escalation, self-defense, crisis intervention, and diversity awareness. Students demonstrate basic skills in de-escalation, self-defense, control techniques, arrest search procedures, and aiding the injured.
Instruction Type: In-Person | Online | Hybrid
Term Typically Offered: Fall | Spring
- LAE 245** **3 credit hours (lecture: 3 | lab: 0)**
Juvenile Delinquency
 Course is an analysis of the juvenile justice system in the United States. The history, philosophies, causes and control of juvenile behavior and problems are examined. Content includes the interaction among the police, judiciary, and corrections. Also examined are theoretical perspectives, cultural influences, psychological, social, and environmental causes attributing to delinquency.
